VISION

To strive to gain worldwide recognition as a distinguished institution, promoting academic excellence through impactful collaborations with industry partners. Our pledge is to mould students into globally aware and socially responsible contributors to society.

MISSION

- Foster a globally collaborative environment for the free exchange of ideas, promoting research, creativity and entrepreneurship.
- Enhance education standards through accreditation and active participation in Global Rankings.
- Forge strong international partnerships with industry, academia and research institutes to bridge global gaps.
- Effective curriculum delivery with innovative pedagogy and a practical, globally relevant approach.
- Empowering students as global problem solvers and critical thinkers.
- Cultivate an international Research and Development environment for faculty and students.
- Provide equal opportunities in a sustainable and inclusive global education system.

FROM CHAIRMAN'S DESK

At Baba Farid Group of Institutions (BFGI), we educate students to develop a healthy society capable to meet the challenges of 21st century. For this we ensure effective curriculum delivery through innovative pedagogy and practical approach. We firmly believe that education is the key to a nation's progress; we take it as our moral obligation to provide the best academic training a student can possibly get. The institution endeavors to equip students with all the necessary knowledge and skills to facilitate a seamless transition from school education to higher education.

We are constantly striving to bridge the gap between Industry and Academia through Industry-Academia model of education to enhance employability of our students. Our educational practices are aligned with the ASK (Attitude, Skills & Knowledge) model by which we aim to cultivate not only the technical competencies but also the attitudes and values necessary for success in the professional world.

Apart from imparting knowledge & skills, we groom intellectual, aesthetic, social, physical, emotional and moral abilities in an integrated manner to develop them as socially responsible citizens.

Best Wishes!!

Dr. GURMEET SINGH DHALIWAL

Founder & Chairman,
Baba Farid Group of Institutions, Bathinda

PROF. (DR.) M.P. POONIA

**Campus Director,
Baba Farid Group of Institutions, Bathinda**

At BFGI, we are dedicated to produce future leaders and innovators poised to enact positive transformations on a global scale. Our vibrant campus, esteemed faculty, and cutting-edge facilities converge to foster an environment conducive to academic, professional and personal excellence. Whether students' aspirations lie in engineering, management, healthcare, or any other field, BFGI offers a diverse array of programs meticulously tailored to align with your passions and ambitions. With a robust emphasis on experiential learning, industry immersion, and holistic enrichment, we ensure that students are well-equipped with the competencies and acumen essential for success in today's dynamic milieu. In addition to our rigorous academic framework, BFGI presents abundant avenues for extracurricular pursuits, ground breaking research initiatives, immersive internships and global outreach programs, empowering students to delve into their interests and broaden your perspectives significantly. 10 pioneering initiatives have been launched to enhance learning through innovation and engagement. They will not only fulfill students' aspirations, but also elevate BFGI's global standards.

Join a community of self-motivated individuals ardently devoted to learning, innovation and affecting meaningful change. BFGI extends a warm invitation to all aspirants to become integral members of our vibrant learning community. Embark on your journey of exploration, growth and triumph today, as your pathway to a promising future commences right here.

About BFGI

Baba Farid Group of Institutions (BFGI), established in 1993 by the Baba Farid Vidyak Society, is a premier educational hub in India. Under the leadership of Dr. Gurmeet Singh Dhaliwal, a renowned educationist and Gyan Jyoti Awardee, BFGI offers a blend of academic excellence and practical skills. Catering to both Indian and international students, BFGI focuses on guiding, consulting, and preparing students for success by integrating knowledge, passion, and professionalism.

BFGI has redefined itself to stay ahead in the technological sector by providing practical platforms that promote research, development, employability, skill development and entrepreneurship. The institution boasts partnerships with leading multinational companies like Microsoft, Oracle, SAP, HP, HCL, Festo, Intel and Infosys. Additionally, BFGI is the only institution in the region associated with major industrial bodies such as FICCI, CII, NSDC, ASSOCHAM, PHD Chamber of Commerce, AIMA and NASSCOM etc.

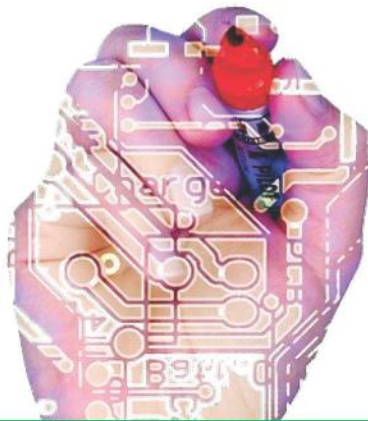

Academically, BFGI has consistently achieved excellence, with students securing merit positions at state and university levels. Beyond academics, BFGI students excel in sports and extracurricular activities, winning overall university championship trophies in competitive youth festivals and sports events. The institution's holistic approach ensures students receive a well-rounded education and the real-world skills needed for academic and career success.

BABA FARID COLLEGE OF ENGINEERING & TECHNOLOGY

Affiliated to Maharaja Ranjit Singh Punjab Technical University, Bathinda

Approved by AICTE & Govt. of Punjab, Accredited "A+" Grade by NAAC in Cycle-I

Engineering Futures Forged Here
Secure Your Tomorrow
with Technical Excellence

MAJOR HIGHLIGHTS

- 🔗 Achieved NAAC Accredited with A+ Grade in Cycle-I (2024) - A Mark of Excellence.
- 🔗 Setting up AICTE funded IDEA lab of more than ₹ One Crore.
- 🔗 Schneider Electric India established a Centre of Excellence for AR/VR/MR.
- 🔗 i-Hub-AWaDH @ IIT-Ropar established fully funded Cyber-Physical Systems (CPS) lab.
- 🔗 20 startups incubated.
- 🔗 32 patents granted and 90+ patents published by students and faculty members of BFCET.
- 🔗 CSIR, New Delhi sanctioned a research grant worth ₹20 lakh for a research project on mental health.
- 🔗 MoU's and collaborations established with more than 50 industry and academic partners.
- 🔗 Under the Applied Learning Policy, the Students' Club organized hands-on workshops such as LinkedIn Learning, Let's Rule the SERP, and Robotics..
- 🔗 India's Biggest Global Level Hackathon 2.0 organised by BFCET.
- 🔗 Manpreet Singh, NCC Cadet successfully attended National Camp EBSB-II (Ek Bharat Shreshtha Bharat Camp) at Army AD Centre Gopalpur, Odisha

BABA FARID SCHOOL OF ENGINEERING

Contact: 95011-15507, 525 | Email: principalbfcet@babafaridgroup.com

Baba Farid School of Engineering has carved a niche in the field of Technical education with excellence in Academics, Cultural, Sports and Technical Activities. The emphasis is on imparting practical skills to students through internships, live projects and hands-on training, preparing them to tackle challenges in this transformative era of technical education. With well equipped labs, excellent infrastructure and highly qualified faculty having industry exposure, BFSoE is committed to provide quality education. The main focus of BFSoE is on innovative research and providing education tailored to the needs of today's industry.

AVNEET KAKKAR

DEPUTY COUNTRY AGRICULTURAL COMMISSIONER
USA

“

The Agriculture program enabled me to identify my strengths and address my weaknesses. It equipped me with valuable skills through placement and comprehensive knowledge about agricultural services, which have paved the way for my success as an agriculture inspector. I am grateful for the opportunity to get into the field right after graduation and apply all my learning in my current role. BFGI has played a pivotal role in my career development, fostering not only my professional growth but also nurturing me as a global citizen, a student, and a person.

BABA FARID SCHOOL OF COMPETITIVE STUDIES

UNLOCKING POTENTIAL, SEIZING OPPORTUNITIES

Addressing job readiness employability and 100% placements, significant efforts have been made to enhance the employability of technical students. However, making non-technical students from Social Sciences and Life Sciences employable has always been a major challenge. To overcome this, through our upcoming university model, BFGI has planned to implement an integrated approach to ensure 100% employability across all courses by establishing the "School of Competitive Studies."

The School of Competitive Studies will be a key component of our new university model. It will prepare students for a variety of competitive exams, both in government (state and central) and private sectors, for positions ranging from clerical to civil services like IAS and PCS. Training will be tailored as per the abilities and capabilities of each student.

Students from all streams-Science, Arts, Commerce, or Social Sciences have to pass competitive exams to access new opportunities and possibilities. Therefore, we aim to equip our students with the latest knowledge and refine their technical and competitive skills. This preparation will enable them to succeed in various competitive exams, including Civil Services, Banking, UGC NET, SSC, FCI, PUNSUP, Managerial, Industrial and in both private and government sectors.

(Honorable Minister For State-Human Resource
& Development, Govt. of India)

DEPARTMENT OF RESEARCH & INNOVATION

WHERE IDEAS TRANSFORM INTO INNOVATIONS

BFGI fosters a vibrant research culture in emerging areas and prioritizes providing an environment conducive to nurture creative minds. BFGI Research and Development policy sponsors faculty members to present their research papers abroad. In line with this vision, BFGI offers Research SEED grants to young, research-oriented faculty members, empowering them to delve into their respective fields.

BFGI subscribes to reputed journals from IEEE and EBSCO and offers an extensive e-book package with 1.6 lakh titles available to both faculty and students.

As part of knowledge transfer initiatives, BFGI organizes the FDPs/ Workshops/ Seminars/ Conferences, generously funded by esteemed institutions such as DST, AICTE, ICAR, CSIR, INSA, BRNS, the National Commission for Women, Government of India. These events provide invaluable opportunities to faculty and students to learn from distinguished scientists and industrial experts.

Baba Farid Group of Institutions (BFGI) is at the forefront of fostering innovation by creating a robust ecosystem for intellectual property (IP) development. Recognizing the pivotal role of IP in driving societal, industrial, and technological advancement, BFGI emphasizes the protection and application of creative ideas and research.

The institution supports its dedicated faculty and students in generating impactful IP that not only fuels personal and professional growth but also contributes to public welfare and socio-economic progress. By prioritizing IP protection and licensing, BFGI ensures that groundbreaking research transforms into real-world solutions, aligning with its mission of achieving excellence and benefiting society. BFGI continues to transform ideas into reality, making a significant impact on society and contributing to the nation's progress. Join us in our mission to innovate an excel!

INDUSTRY-ACADEMIA CONNECT PROGRAM

The Advance Department of Multidisciplinary Innovation Research & Entrepreneurship (ADMIRE) at Baba Farid Group of Institutions (BFGI) brings together experts from various disciplines to foster innovation, creativity, and entrepreneurial ventures. As a cutting-edge research department, ADMIRE serves as a hub for groundbreaking ideas, focusing on the development of practical solutions that address real-world challenges.

The department is dedicated to creating an environment where knowledge transcends traditional boundaries, empowering researchers, scholars, and students to collaborate on multidisciplinary projects that drive progress in science, technology, and innovation. ADMIRE's commitment to excellence in research not only promotes academic growth but also enhances the institution's ability to contribute meaningfully to industries and society at large.

Research equipments available with BFC:

1. Lasany Non Portable Microprocessor UV-VIS Double Beam Spectrophotometer LI-2802 R4
2. Automatic Erba H360 Hematology Analyzer
3. REMI CI-10S BOD Cooling Incubators
4. Simple Ball Mill –Jupiter Engineering Works Delhi
5. Hydraulic Pellet Press Jupiter Engineering Works Delhi
6. High Temperature Furnace Jupiter Engineering Works
7. Labomed Stereo Zoom Microscope
8. Fluorescence Microscope Labomed
9. Erba Biochemical Analyzer
10. Microprocessor Flame Photometer

OUR PARTNERS

ACHIEVEMENTS AND RECOGNITIONS OF FACULTY

❖ Dr. Manpreet Singh (Department of Biological and Chemical Sciences)
